

The Universal

TABLE MOUNTED ABDOMINAL RETRACTOR SYSTEM

Product No. 69034

Universal Retractor

The multi-positioning Universal Retractor features independently moving arms that can be tightened into any position. The Universal's unique design allows virtually unlimited retractor blade placement. Quick-connect blade clamps feature Fast-Lock turret design.

Universal Retractor Frame with Independently Moving Arms

More options for positioning than a fixed frame system

Traditional Side Rail Attachment

Familiar setup procedure

Equipped with a Variety of Retractor Blades

Adaptable to virtually any open procedure

Now Available with Bariatric Blades

See reverse side for sizes and types of retractors for bariatric use

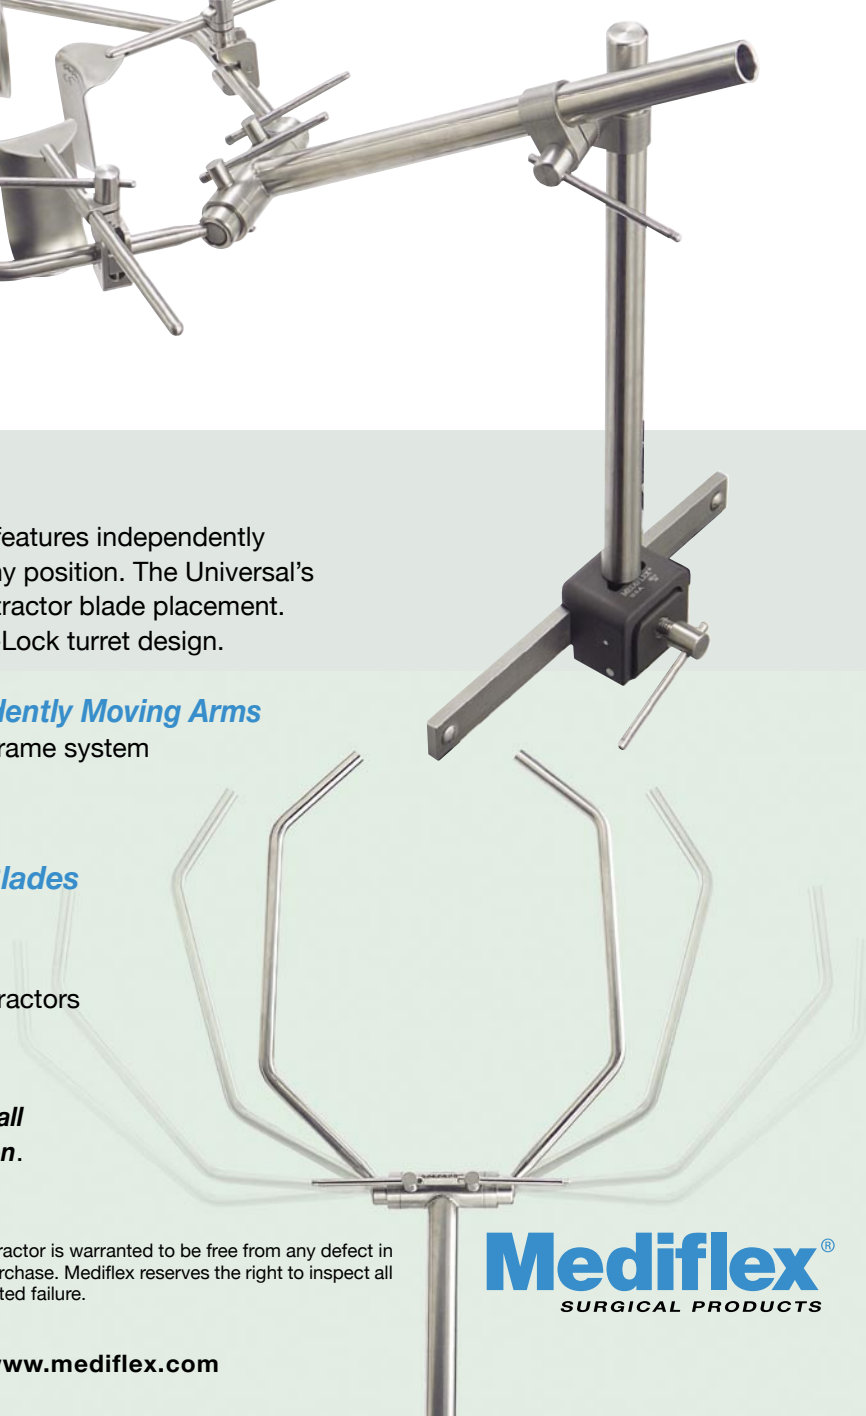

Retractor arms can be independently moved in all directions and tightened into position.

WARRANTY

When used as directed for its intended surgical purpose, the Universal Retractor is warranted to be free from any defect in its material and/or its workmanship for a period of one year from date of purchase. Mediflex reserves the right to inspect all products thought to be non-conforming and determine root cause of reported failure.
